

Dear retailer:

I want to dive into this new epic. I want a journey that starts after the world has suffered a cataclysmic environmental disaster. I want to follow the activist group aboard the *Kapital* as it searches the earth's oceans for its missing sister ship, *The Massive*. I want to solve the mystery of just why the world ended.

Please add *The Massive* to my pull box and let me know when the book is ready for me to pick up.

Thank you!
